PowerPoint for Groups

Mission

This workshop will cover some of the more advanced options in PowerPoint that may be useful for specialized assignments.

Rules of Engagement

- 1. Decide whether you will use one PowerPoint or multiple
- 2. Create Master Slides so that everyone has the same styles for the PowerPoint
- 3. Decide how you are going to communicate on changes if you use multiple PowerPoints

Formatting Presentations

Outline Mode

Saving time with Outline mode

Outline Mode shows all the text on the slides in a list with no graphics. Gives a visual outline of all the information in the PowerPoint and is useful for quick edits.

- 1. In the view tab under presentation views click "outline view"
- 2. Can make changes to the text in the Outline pane and can easily rearrange the information by clicking and dragging the slides up or down

Normal	Outline	Slide	Notes	Reading
	View	Sorter	Page	View

Inserting comments

Adding comments is a way to add more information to the slide that will not be displayed in the presentation. Adding a comment is a way to remind yourself, or another user, of more information that needs to be added or suggest changes that need to be made to the slide.

1. Under the **Review** tab, click **Show Comments**

2. A comment window will appear select new and enter the comment you wish to share

Editing and deleting comments

1. To edit a comment in the comment window you can just click on the comment itself and type the edit in

- 2. To reply to a comment there is a text placement under the comment that says reply just click and enter a reply
- 3. To delete a comment- in the upper right hand side of the comment there is an X that you click to delete

4. Adding Comments to Slides
