STUDENT RESEARCH  
CENTER

Dear Dr. Bang Tran,

On behalf of the Student Research Center and the Offices of Research, Innovation, and Economic Development, we sincerely thank you for your generous service as a faculty juror for the 2025 Student Research & Creative Activity Spring Symposium.

This year's symposium featured over 90 presentations by undergraduate and graduate students, as well as recent alumni, representing departments across all seven academic colleges. Your thoughtful evaluation and feedback were essential in ensuring a meaningful, fair, and enriching experience for our student scholars. We deeply appreciate the time and expertise you contributed in support of student research, creativity, and academic excellence at Sacramento State.

Thank you again for your valued participation.

Sincerely,

*Yvette Farmer*
